Why is workplace safety important?

INJURY - Over 3 Million people were hurt on the job in 2014

WORKER PRODUCTIVITY - Implementing safety training & education creates a positive work environment.

DEATH - There were 4,679 workers killed on the job in 2014

IMPROVED QUALITY - When a company cares about it's employees, the employees care about their product

FINANCIAL LOSS - Death & injury impact the company financially. Put safety first, reduce financial loss.

CORPORATE REPUTATION - Sales and perceived quality increase with a good reputation

PROPERTY DAMAGE - Added financial impact occurs from workplace injury or death
